Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 17-20 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

(a) in Claim 17, line 18, the term "track following operation" is indefinite. Applicant should define it, for example, as --track servo operation--;

(b) in Claim 17, lines 19 and 20, the term "in comparison with a time" is not clear because the compared time, for example, first recording, second recording etc. is not defined;

(c) in Claim 17, line 25, the term "in-phase mark arrangement" is not clear because the limitation "in-phase mark" is not defined in the claim;

(d) in Claim 17, lines 27 and 28, the term "conversion rule of a conversion means" is not clear. Applicant should change the "conversion means" to --decoding means-- according to the specification;

Art Unit: 2627

(e) similarly, in Claim 18, the terms "track following operation" and "in comparison with a time" are not clear. Applicant should clarify these terms;

(f) furthermore, in Claim 18, the term "in-phase mark arrangement" and "conversion rule of a conversion means" are not clear. Applicant should clarify these terms; and

(g) in addition, in Claims 19 and 20, in each of the Claim, the terms "track following operation", "in comparison with a time", "in-phase mark arrangement" and "conversion rule of a conversion means" are not definite. Applicant should clarify these terms.

Allowable Subject Matter

3. Claims 17-20 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
